

When We Think About Melbourne: The Imagination of A City

What makes Melbourne special?

Jenny Sinclair, author of 'When We Think About Melbourne', takes us on a journey through our city's maps, music, art and literature in order to understand why we love Melbourne - how we live in it, talk about it, draw it, sing it and write it into being.

Come along and share your favourite images of Melbourne – bring a book or photograph and tell us what it means to you..
